

# Bagless Canister Vacuum Cleaner with Cyclonic Action

This canister vacuum cleaner features a bagless design with cyclonic action and a washable HEPA filter. It is equipped with automatic cord rewinding and stepless speed control.

## Product Overview

### High-Efficiency Cyclonic Cleaning

This bagless canister vacuum cleaner combines powerful suction with an advanced 5-stage filtration system, including a washable HEPA filter. Designed for versatility and convenience, the unit features stepless speed control, automatic cord rewinding, and a generous 3-liter dust capacity to handle diverse cleaning tasks efficiently. Its robust design ensures durability while maintaining maneuverability for professional and residential environments.
