

Bagless Canister Vacuum Cleaner with Telescopic Wand

This canister vacuum cleaner is equipped with a powerful suction motor and a flexible hose for maneuverability. It also features a telescopic wand, multi-stage filtration, variable power settings, and a bagless design.

Product Overview

Professional Bagless Canister Vacuum

This high-performance canister vacuum cleaner is engineered for efficient cleaning with a powerful 700W-1800W motor. Featuring a bagless design and a large 3.5L dust capacity, it offers long-lasting performance and convenient maintenance. Its ergonomic design includes a telescopic wand, 3-point steering, and six levels of filtration, including an outlet HEPA filter for superior air quality.
