

Bagless Compact Vacuum Cleaner

This compact vacuum cleaner features a bagless design and a transparent dust container. Its integrated wheels enhance maneuverability for efficient cleaning of carpets, hard floors, and upholstery.

Product Overview

Compact Cleaning Efficiency

This bagless vacuum cleaner is engineered for maximum portability and efficient dust management in compact living or working environments. Featuring a transparent dust container, it allows users to monitor fill levels at a glance, ensuring seamless operation. Its design includes integrated wheels and a flexible hose, making it highly maneuverable across various surfaces including carpets, hard floors, and upholstery.
