

Bagless Cylinder Vacuum Cleaner

This bagless cylinder vacuum cleaner is designed for efficient and convenient cleaning. It features a powerful motor for strong suction and a transparent dust container.

Product Overview

High-Efficiency Cylinder Vacuum

This bagless cylinder vacuum cleaner is engineered for professional-grade domestic cleaning efficiency. Equipped with a high-performance 2400W motor, it delivers consistent suction power across various floor surfaces. The design prioritizes user convenience through a transparent dust management system and highly mobile, smooth-rolling architecture.

Technical Specifications

Maximum Power

2400 W
Max Power

Filtration System

Multi-stage filtration

Features

Key Features

- Bagless dust container
- Transparent container with MAX fill line
- Adjustable power settings
- Smooth-rolling wheels for maneuverability
- Durable construction
