

Ball Pein Hammer with Fiberglass Handle and Rubber Grip

This ball pein hammer features a fiberglass handle for enhanced durability and reduced vibration. It is equipped with a rubber grip for comfort and control during use.

Product Overview

Professional Grade Ball Pein Hammer

This ball pein hammer is engineered for durability and performance in demanding environments. Featuring a hardened steel head, it is optimized for effective metalworking, shaping, and automotive repair tasks. The construction combines a robust fiberglass handle with a comfortable rubber grip to minimize vibration and enhance user control.

Technical Specifications

Head Material	Hardened Steel
Handle Material	Fiberglass
Grip Material	Rubber

Features & Benefits

Key Features

- Reduced vibration handle design
- Hardened steel striking surface
- Ergonomic rubber grip
- Impact-resistant fiberglass core

Applications

Primary Applications	Metalworking, Automotive Repair, General Purpose Hammering
