Overview

Precision Woodworking Performance

This professional-grade bandsaw is designed for precision cutting and versatility in woodworking applications. Featuring a robust frame for stability and reduced vibration, it ensures accurate cuts across various wood types and thicknesses. The machine includes an adjustable blade guide system for enhanced support, a tilting table for bevel cuts, and a dust collection port to maintain a clean work environment.

Technical Specifications

Model Comparison

Feature	10" Model	12" Model
Cutting Height	100mm	165mm
Blade Speed	11.6m/s	11m/s
Table Size	310x305mm	305x305mm
Power (S1)	350W	350W

Performance Metrics

350 W Rated Power (S1)	165 mm Max Cutting Height	38 kg Gross Weight

Safety & Compliance

Safety Guidelines

- Read and understand instruction manual before operating
- Always wear eye protection
- Keep hands away from blade
- Disconnect from power source before servicing
- Do not use in damp or wet locations
