Overview

High-Performance Bar and Plate Intercooler

This bar-and-plate core intercooler is engineered to significantly enhance engine efficiency and power output by optimizing heat dissipation and reducing intake air temperatures. Designed for durability and consistent performance, it features a robust construction that ensures reliability under demanding conditions. This unit is an ideal upgrade for turbocharged or supercharged vehicles seeking improved cooling, increased horsepower, and torque.

Technical Specifications

Core Dimensions	600 x 202 mm
Tank Dimensions	65/65 x 210 mm

Compatibility

Compatible Vehicle Model	SUZUKI GRAND ESCUDO II (JT) 1.9 DDIS 05
--------------------------	---

Cross Reference

Industry Standard Codes

Reference Type	Code
DPI	96525
NISSENS	96525
TS Number	56153

OEM Reference Numbers	13620-67J02, 13620-67J00, 13620-67J01
