

Battery Box Retaining Strap Kit

This kit secures battery boxes with a durable strap. It includes a black nylon strap, a white plastic buckle, two white plastic mounting brackets, and four screws for easy installation.

Product Overview

Reliable Battery Security

This Battery Box Retaining Strap Kit provides a secure and durable solution for mounting battery boxes in automotive applications. Constructed from heavy-duty woven polypropylene, the strap is built to withstand rigorous use while ensuring your battery remains firmly in place. The kit comes complete with all necessary mounting hardware, making installation straightforward and efficient.
