

# Battery-Free Luggage Scale with Auto-Power Generation

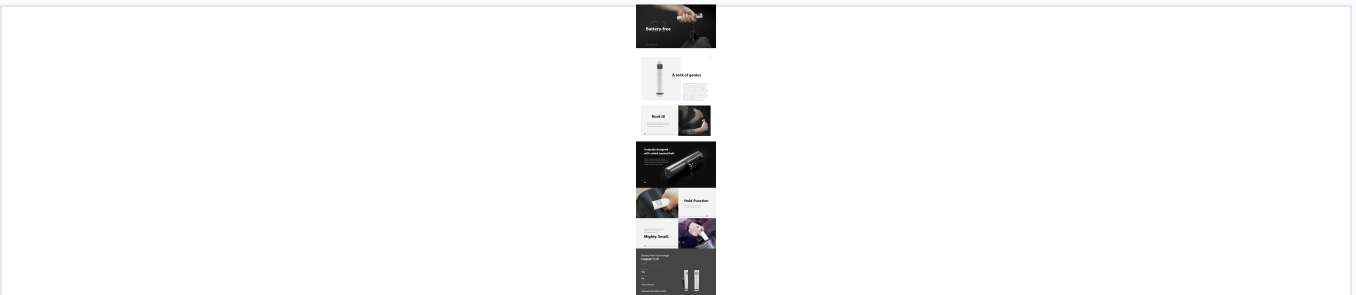

This battery-free luggage scale features an advanced auto-power generation system. It accurately weighs luggage up to 50kg, helping travelers avoid overweight baggage fees.

## ADDITIONAL IMAGES

## Overview

Detailed breakdown of the L1702 battery-free luggage scale, highlighting its dimensions, power generation technology, and durable construction.

### Innovative Battery-Free Weighing

This advanced luggage scale utilizes a cutting-edge auto-power generation system, completely eliminating the need for batteries and reducing environmental impact. Designed for frequent travelers, it offers a compact and portable solution to avoid overweight baggage fees. With high-accuracy sensors and durable aviation-grade materials, this tool ensures reliability and convenience for every journey.

## Technical Specifications

Maximum Capacity	50 kg
Measurement Division	50 g
Dimensions	148 x 33 x 33 mm
Power Source	Automatic Power Generation
Key Features	Battery-Free, Hold-Function, Auto-Power Generation, Compact Design

## Construction & Design

### Construction Materials

- Aviation-grade material buckle
- Stoving varnish finish
- Coiled weaved belt

## Compliance & Certification

### Patents & Certifications
