Product Overview

Advanced auto-power generation system details and eco-friendly design benefits.

Eco-Friendly Precision Weighing

This battery-free personal scale utilizes an advanced auto-power generation system, eliminating the need for traditional batteries and reducing your environmental footprint. Designed with safety and convenience in mind, it removes risks associated with chemical leakage or accidental battery ingestion by children. The unit features a sleek, seamless design with no exposed screws, ensuring both durability and a modern aesthetic for any bathroom.

Technical Specifications

Maximum Capacity	150 kg
Precision Division	0.1 kg
Dimensions	320 x 260 x 25 mm
Power Source	Automatic generation control (Push-button)

Features & Benefits

Key Features

- Battery-free operation
- Eco-friendly design
- Seamless construction (no exposed screws)
- High-precision sensors
- Tested for 50,000+ operations

Safety Considerations

No chemical leakage, No battery swallowing risk, Environmentally friendly

Performance Metrics

Performance Highlights

50000 cycles

Tested Operations

8 kg

Minimum Weight
