

# Battery Powered Spice Mill

This electric spice mill allows for one-handed operation. It uses a ceramic mechanism to efficiently grind salt, pepper, and other spices, with adjustable coarseness settings and a transparent spice container.

## Product Overview

### Convenient Electric Seasoning

This electric salt and pepper mill is designed for effortless, one-handed operation, making it an ideal tool for both cooking and table-side seasoning. It features a durable ceramic grinding mechanism that ensures consistent performance for various spices. The integrated light function adds convenience, while the transparent window allows users to easily monitor spice levels.

## Technical Specifications
