

# Belt Sander Machine with Adjustable Height

This belt sander machine is designed for efficient material removal and surface finishing. It features adjustable working height and a rapid belt changing system.

## ADDITIONAL IMAGES

## Product Overview

Robust construction featuring an integrated dust collection system to maintain a clean working environment.

### Versatile Industrial Belt Sander

This industrial-grade belt sander is engineered for high-efficiency material removal, surface finishing, and deburring across metal, wood, and plastic workpieces. Featuring a dual-speed motor and vibration-free operation, it provides the stability and precision required for professional workshops. The machine's adjustable working height and integrated dust collection system ensure an ergonomic and clean environment for continuous industrial use.

### Key Features

- Double speed motor for versatile material processing
- Rapid belt changing system for minimal downtime
- Vibration-free operation for precision finishing
- Adjustable working height for ergonomic use
- Integrated dust collection box for a cleaner workspace
- Top table designed for flat grinding and deburring

## Performance & Motor

### Stability

Vibration Free • Robust Construction

### Motor Type

Double speed electric motor

## Design & Ergonomics

The machine features an adjustable work height to ensure ergonomic operation for different operators and workpiece sizes.

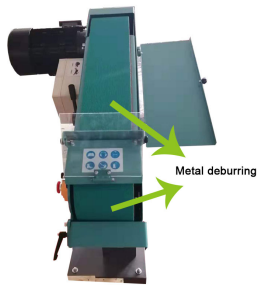

### Height Adjustment

Yes

### Safety Features

Emergency Stop Switch, Safety Guards, Transparent Guard, Enclosed Motor Housing

## Applications

Optimized for metal deburring and surface finishing with a continuous high-speed abrasive belt.

Professional-grade setup suitable for shaping and smoothing wood, metal, and plastics.

### Primary Functions

- Flat grinding
- Deburring
- Surface finishing
- Polishing
- Shaping

### Compatible Materials

Metal, Wood, Plastic

## Technical Configuration

Dual-functionality with both vertical belt and horizontal disc sanding stations.

### Sanding Components

- Vertical belt sander
- Horizontal disc sander
- Top grinding table

### Certifications

CE
