

Benchtop Table Saw

This table saw features a 600W motor and operates at 230V~/50Hz with a speed of 2950min-1. The cutting depth can be adjusted from 0-45mm, and the groove width is adjustable from 0-20mm.

Product Overview

Precision Benchtop Cutting

This compact benchtop table saw is engineered for precision and efficiency in small-scale woodworking and fabrication tasks. Powered by a reliable 600W motor, it offers consistent performance with a no-load speed of 2950min-1. Its versatile design supports adjustable angle cuts and precise depth control, making it an essential tool for professional workshops requiring a space-saving yet capable cutting solution.

Technical Specifications

Power & Performance

600 W Motor Power	2950 min-1 Speed	230 V Voltage
-----------------------------	----------------------------	-------------------------

Cutting Performance

- Angle cuts: 0 to 45 degrees
- Cutting depth: 0 to 45mm
- Groove width: 0 to 20mm
- Cutting thickness: 25mm / 30mm

Blade Details

Blade Specifications

Feature	Specification
Diameter	205mm
Bore	16mm
Thickness	2.5mm
Teeth Count	20

Dimensions & Logistics

Physical Dimensions

- Table dimensions: 515 x 400mm
- Overall dimensions: 530 x 415 x 325mm
- Net weight: 11.2kg
- Gross weight: 12.7kg

Container Loading Capacity

Container Type	Quantity
20' Container	406
40' Container	854
40' HQ Container	976
