

Beryllium Copper Non-Sparking Twist Drill Bit Set - 15 Pieces

This 15-piece twist drill bit set is crafted from beryllium copper, ensuring non-sparking and non-magnetic properties. The set includes a range of sizes to accommodate various drilling applications.

Product Overview

Professional Non-Sparking Drilling Solution

This 15-piece twist drill bit set is precision-engineered from high-quality beryllium copper, specifically designed for use in hazardous environments. Its non-sparking and non-magnetic properties make it an essential tool for petroleum, chemical, and mining applications where flammable vapors or combustible dusts are present. The set provides reliable performance while ensuring safety in explosive atmospheres.

Set Size	15 pieces
Material	Beryllium Copper Alloy
Key Features	Non-Sparking, Non-Magnetic, Corrosion Resistant

Applications & Safety

Target Industries

- Petroleum Industry
- Chemical Industry
- Power Generation
- Railroad
- Mining

Safety Benefits

- Prevents sparking during strike, rub, or collision
- Safe for explosive atmospheres
- Reduces risk of ignition in hazardous environments

Technical Details

Magnetic Property

Non-Magnetic

Spark Resistance	Yes
