

Bicycle

A bicycle is a human-powered, two-wheeled vehicle. It is propelled by pedals and used for transportation, recreation, and exercise.

Product Overview

Professional Cleaning Performance

These microfiber car wash mitts are engineered for efficient, scratch-free cleaning across a variety of vehicles. Constructed from ultra-soft microfiber material, they excel at lifting and trapping dirt and grime without damaging delicate paint surfaces. Designed for versatility, they are suitable for cars, trucks, motorcycles, and boats, ensuring a thorough clean every time.
