

# Bicycle Component Assortment

This collection features a variety of bicycle components for maintenance and customization. These components are designed to fit various bicycle models and enhance overall riding experience.

## Product Overview

### High-Performance Shielded Cable

This multi-conductor shielded cable is engineered for reliable signal integrity in demanding environments. It features a robust construction with an outer jacket, protective shielding, and color-coded conductors to ensure easy identification during installation. Designed to minimize electromagnetic and radio frequency interference, it is an ideal solution for complex wiring requirements.

## Construction Details

### Cable Composition

- Outer Jacket
- Aluminum Foil Shielding
- Polyester Tape
- Insulated Conductors
- Ground Wire
- Rip Cord

### Installation Features

Color-Coded Conductors • Easy-Strip Rip Cord

### Interference Protection

EMI Shielding, RFI Shielding
