

Bicycle Rear Derailleur

This bicycle rear derailleur is designed for smooth and precise gear shifting. It features a durable construction and is compatible with various bicycle drivetrains.

Product Overview

Performance-Driven Shifting

This bicycle rear derailleur is engineered to deliver smooth and precise gear transitions across a variety of cycling conditions. Built with a durable construction, it ensures reliability and longevity for diverse bicycle drivetrains. The unit includes integrated adjustment screws, allowing for precise fine-tuning to maintain optimal shifting performance.
