

Black Nylon Cable Ties

Black cable ties are versatile fasteners for bundling and securing items. Made from nylon, they offer tensile strength, chemical resistance and feature a self-locking head for easy installation.

Overview

Professional Grade Nylon Cable Ties

These heavy-duty black nylon cable ties are designed for professional use, offering a versatile solution for securing and retaining cables or objects of various shapes and sizes. Made from durable nylon material, they provide high resistance to abrasion and chemicals, ensuring reliable performance in both indoor and outdoor environments. Each pack contains 100 ties, featuring a self-locking mechanism for quick, secure, and cost-effective cable management.
