## Product Overview

### Rugged Utility and Style

These black steel side step bars are engineered to provide a durable, high-strength solution for easier vehicle entry and exit. Constructed with a corrosion-resistant powder-coated finish, they offer long-lasting performance while protecting rocker panels from road debris. Featuring integrated non-slip step pads, these bars combine practical safety with a rugged aesthetic upgrade for trucks and SUVs.

## Construction & Durability

Material	High-strength steel
Finish	Black powder-coated
Corrosion Resistance	Yes

## Features & Functionality

Step Pads	Integrated, Non-slip surface, Textured grip
Aerodynamic Features	End caps included to reduce wind noise and improve fuel efficiency

## Installation

Included Hardware	
<ul style="list-style-type: none"> <li>• Mounting hardware</li> <li>• Installation instructions</li> </ul>	
Installation Method	Bolt-on (no drilling required)
