Product Overview

Versatile Cargo Solution

This black steel roof rack provides a durable and versatile cargo-carrying solution for a wide range of vehicles. Constructed from high-strength steel with a corrosion-resistant finish, it is designed to withstand harsh weather conditions while maintaining structural integrity. The basket-style design, featuring multiple crossbars and raised side rails, ensures secure transport for luggage, camping gear, and oversized sports equipment.

Technical Specifications

Material	High-strength steel
Finish	Black, corrosion-resistant coating
Design Features	Basket design, Tubular construction, Raised side rails, Multiple crossbars

Compatibility & Installation

Mounting System	Universal mounting system
Compatibility	Fits many kinds of car models and various vehicle roof configurations

Usage

Recommended Uses

- Luggage transport
- Camping gear
- Sports equipment
- Oversized bulky items
