Product Overview

High-precision BIA biometric technology provides 18 essential body metrics synced to your smartphone.

Professional Body Composition Analysis

This smart body composition analyzer provides a comprehensive health tracking solution by measuring 18 key data points via BIA biometric technology. It features high-precision sensors for accurate readings and seamlessly integrates with a dedicated mobile application for detailed progress monitoring. Designed for safety and usability, the scale includes automatic step-on functionality, overload alerts, and a clear white LED display.

Technical Specifications

Maximum Weight Capacity	180 kg
Measurement Division	0.1 kg
Dimensions	280 x 280 x 22 mm
Power Supply	3 x AAA Batteries (included)

Features

Health Metrics Tracked

- Weight
- BMI
- Body Fat %
- Water Content %
- Muscle Mass
- Protein Rate %
- Bone Mass
- Metabolic Age
- Visceral Fat
- KCAL

Operational Indicators

Auto Step-on • Auto-off • Overload Alert • Low Battery Indicator

App Features

Bluetooth Connectivity, Multi-language Support, Google Fit Integration, Fitbit Integration, Social Media Sharing
