

Bluetooth Body Composition Scale

This Bluetooth body composition scale uses four high-precision sensors and German glue technology. Its large, blue backlight LCD screen displays weight, body fat percentage, muscle mass, and other metrics.

Overview

Precision Body Composition Analysis

This Bluetooth-enabled body composition scale combines advanced German-engineered sensor technology with a durable, extra-thick tempered glass design. It features smart step-on technology for instant readings and a high-contrast 4.3-inch LCD display with blue backlighting. Designed for convenience and accuracy, it supports multiple measurement units and includes a 2-year warranty for peace of mind.

Measurements & Performance

Maximum Capacity	180 kg
Graduation Increment	0.1 kg
Supported Units	lbs, kg, st

Design & Build

Safety Features

Non-slip feet • Tempered glass • Auto-off

Platform Dimensions	12 x 13 inches
Display	4.3-inch LCD with blue backlight

Logistics

Container Loading Capacity

Container Type	Quantity (pcs)
20ft GP	4595
40ft GP	9380
40ft HQ	10785

Packaging Dimensions

- Product: 310 x 320 x 31mm
- Color Box: 345 x 325 x 45mm
- Master Carton: 365 x 272 x 352mm (6pcs/ctn)

Power & Warranty

Power Source	4 x AAA batteries (included)
Warranty	2 years
