

Brass Angle Valve for Fluid Control

This angle valve is designed for fluid control. It is approved by ISO9001 and CE standards.

Product Overview

Professional Fluid Control

This brass angle valve is engineered for reliable flow control in plumbing and industrial fluid systems. Featuring a durable brass body with a polished chrome finish, it offers excellent corrosion resistance and longevity. The design includes a user-friendly handle for precise adjustment, making it an ideal choice for water supply lines and heating installations.

Technical Specifications

Available Sizes

- 1/2" x 3/8"
- 1/2" x 1/2"

Maximum Pressure

10 bar

Max Pressure

Minimum Temperature

-10 °C

Thread Standard

ISO-228-1:2000

Material & Construction

Body Material	Brass with chrome plate and polish
Handle Material	Zinc (Brass)
Core Material	Brass

Application

Suitable Media	Water
