

Brass Angle Valve for Plumbing

This angle valve is constructed from durable brass. It provides on/off control of water flow for plumbing fixtures.

Product Overview

Professional Brass Angle Valve

This high-quality brass angle valve is engineered for reliable performance in plumbing applications. Featuring a durable brass body with a polished chrome finish, it offers excellent corrosion resistance and longevity. Designed for standard water supply lines, it is suitable for connecting fixtures like sinks, toilets, and faucets, providing smooth flow control.

Technical Specifications

Available Sizes

- 1/2" x 3/8"
- 1/2" x 1/2"

Materials

Brass Body, Chrome Plated, Polished Finish, Zinc Handle

Performance Metrics

Max Pressure

10 bar

Max Pressure

Minimum Temperature

-10 °C

Compliance & Standards

Thread Standard

ISO-228-1:2000

Usage

Suitable Medium

Water
