

Brass Plumbing Angle Valve

This brass angle valve is designed for plumbing applications requiring a 90-degree change in direction. It is suitable for controlling water flow in residential and commercial plumbing systems.

Product Overview

High-Performance Brass Angle Valve

This durable brass angle valve is engineered for reliable water flow control in both residential and commercial plumbing systems. Featuring a high-quality brass body with a polished chrome-plated finish, it offers excellent corrosion resistance and a professional aesthetic. Designed for 90-degree directional changes, this valve ensures secure, leak-free performance and includes a user-friendly handle for precise operation.

Technical Specifications

Available Sizes

- 1/2" x 3/8"
- 1/2" x 1/2"

Material Composition

Brass Body, Chrome Plated, Polished Finish, Zinc Handle

Thread Standard

ISO-228-1:2000

Performance Metrics

Maximum Pressure

10 bar

Max Pressure

Minimum Temperature

-10 °C

Suitable Medium

Water
