Product Overview

Premium Breast Milk Storage Solution

These disposable breast milk storage bags are designed for the safe and convenient storage of breast milk, suitable for infants under 18 months. Crafted from durable, food-grade, and BPA-free materials, they offer a pre-sterilized, ready-to-use solution for busy mothers. The design prioritizes hygiene and ease of use, featuring a reliable double-layer leak-proof seal and clear measurement markings for accurate volume tracking.
