

Bristle Paint Brush Set

This set features paint brushes with natural bristles and ergonomic handles. The varying brush sizes accommodate different applications and coverage widths, making them ideal for projects requiring precision.

Product Overview

Professional Bristle Paint Brush Set

This high-quality paint brush set is engineered for professional painting projects requiring precision and control. Featuring a blend of natural boiled hog bristles and synthetic PET fibers, these brushes offer excellent paint pickup and smooth application. The ergonomic handles, constructed from durable TPR and plastic, ensure comfort during extended use, while the mirror stainless steel ferrules provide long-lasting structural integrity.
