

Brushless Cordless Impact Driver

This brushless cordless impact driver delivers increased power and extended runtime due to its brushless motor. It offers variable speed control for precision and high torque output for demanding tasks.

Product Overview

High-Performance Impact Driver

This brushless cordless impact driver is engineered for demanding fastening applications, offering superior power and extended runtime compared to standard brushed models. Its compact, ergonomic design ensures comfort and accessibility in tight workspaces, while variable speed control provides the precision necessary for professional results. Equipped with a reliable lithium-ion power system, this tool delivers consistent performance for both professional tradespeople and serious DIY enthusiasts.

Performance Metrics

Maximum Torque

180 N.m

Max Torque

No-load Speed

0~2800/min

Technical Specifications

Voltage

20 V

Chuck Size

1/4"

Power & Battery

Compatible Battery Capacities

- 1.5 Ah
- 2.0 Ah
- 4.0 Ah

Charging Time

1 hour / 3~5 hours

Features

Key Features

Brushless Motor • LED Work Light • LCD Battery Indicator • Variable Speed Control
