Product Overview

High-Efficiency Ventilation Solution

This bathroom exhaust fan utilizes advanced brushless DC motor technology to deliver exceptional energy efficiency, consuming over 50% less energy than standard motors. Designed for quiet operation and versatility, it features dual-speed settings and an integrated humidity sensor that automatically increases speed to manage moisture effectively. Its sleek, modern design makes it an ideal, easy-to-install solution for maintaining fresh air quality in bathrooms, toilets, and kitchens.

Technical Specifications

Model	GYP-100
Voltage	220-240V
Frequency	50/60 Hz
Input Power	1.5-6.3W
Rotation Speed	1500-3000 RPM
Air Volume	100 m³/h

Dimensions

Physical Dimensions

Dimension	Value (mm)
A	160
B	160
C	130

Features

Key Features

- Brushless DC motor technology
- Energy efficient (50% savings vs ordinary motors)
- Dual speed options (low speed and manual/automatic high speed)
- Integrated humidity sensing function
- Quiet operation
- Easy installation

Suitable Applications

Bathroom, Toilet, Kitchen, Indoor Ventilation
