

Brushless DC Motor for Ventilation

This brushless DC motor is designed for ventilation applications. It features high speed, low noise, high power, and energy-saving capabilities.

Technical Specifications

Model Performance Data

| Model | Voltage (V) | Input Power (W) | Current (A) | Insulation |
|-------------|-------------|-----------------|-------------|------------|
| DC8240-001 | 230 | 130 | 0.565 | B |
| DC8230-001 | 230 | 110 | 0.478 | F |
| DC9215-001 | 230 | 100 | 0.434 | F |
| DC9225-001 | 230 | 150 | 0.651 | F |
| DC9240-001 | 230 | 200 | 0.868 | F |
| DC7113-001 | 230 | 50 | 0.217 | F |
| DC7125-001 | 230 | 80 | 0.347 | F |
| DC7130-001 | 230 | 100 | 0.434 | F |
| DC18230-001 | 230 | 120 | 0.521 | F |
| DC18260-001 | 230 | 250 | 1.085 | F |
