

Bulldozer Blades Cutting Edges End Bits

These replacement parts are designed for CAT bulldozers. Hardened steel construction provides extended wear life and precise cutting.

Overview

Heavy-Duty Ground Engaging Tools

These high-quality replacement bulldozer blades, cutting edges, and end bits are engineered to meet or exceed original equipment standards. Constructed from hardened steel, they offer superior wear resistance and durability for demanding earthmoving and grading applications. Designed for precision and longevity, these components ensure optimal machine performance in various ground conditions.

Material & Construction

Material	Hardened Steel
Key Features	High Abrasion Resistance, Extended Wear Life, Precision Grading, OEM Equivalent

Compatibility & Parts

Compatible Equipment Types

- Bulldozers
- Excavators
- Loaders
- Motor Graders
- Electric Shovels

Available Components

- Blades
- Cutting Edges
- End Bits
- Tooth Tips
- Tooth Adapters
- Wear Caps
- Heel Shrouds
- Side Cutters
