

# Bus Side View Mirror

This bus side view mirror provides a wide field of view for enhanced safety. It features a durable housing and a dual-mirror design to minimize blind spots.

## ADDITIONAL IMAGES

## Product Overview

### Professional Grade Bus Side View Mirror

This high-performance side view mirror is specifically engineered for commercial bus applications, focusing on driver safety and operational efficiency. Featuring a robust dual-mirror assembly, it provides a comprehensive field of view that significantly reduces blind spots for safer maneuvering. The aerodynamic design ensures minimal wind resistance and vibration, while the weather-resistant construction guarantees long-term durability in demanding road conditions.

## Design & Construction

### Weather Resistance

Corrosion Resistant • Weatherproof

### Housing Material

Durable black housing

### Aerodynamic Features

Yes

## Visibility & Safety

### Mirror Configuration

- Large main mirror
- Integrated convex mirror

### Visibility Performance

**1 High**

Blind Spot Reduction

### Integrated Features

Turn signal indicators, Blind spot reduction

## Installation & Compatibility

### Installation

Easy installation with secure mounting
