Extra heavy-duty zinc chloride battery designed for reliable household performance.

Reliable C-Size Power Solution

This C-size 1.5V R14P battery utilizes extra heavy-duty zinc chloride chemistry to provide consistent and dependable power for a wide range of household and electronic devices. Engineered with advanced leak-proof and heat-proof technology, it ensures safe operation and device protection even at temperatures up to 50°C. With a 4-year shelf life and a design optimized for low-to-medium drain applications, this battery offers a cost-effective and long-lasting energy source for everyday electronics.
