Product Overview

Professional Grade Swaging Solution

This heavy-duty hand swager is engineered for precision cutting and crimping of cables and wires. Featuring a drop-forged blade construction, it offers exceptional durability for demanding industrial and construction environments. The tool utilizes compound action to ensure efficient operation, reducing user fatigue during repetitive tasks.

Technical Specifications

Construction Method	Drop Forged Blade
Operation Type	Compound Action

Key Features

Key Features

- High-leverage handle design
- Precision-machined jaws
- Non-slip ergonomic grips
- Heavy-duty industrial construction

Applications

Ideal Applications	Wire Rope, Cable Crimping, Fencing, Industrial Maintenance
