

Cable Swaging Tool

This heavy-duty hand swager is designed for crimping and joining cables, wires, and ropes. It features hardened steel jaws for durability and precise crimping.

Product Overview

Professional Grade Swaging Tool

This heavy-duty hand swager is engineered for reliable crimping and joining of cables, wires, and ropes. Built with hardened, drop-forged steel jaws, it ensures durability and precise performance in demanding environments. Designed with ergonomic handles for optimal grip and leverage, this tool is an essential asset for construction, marine, and industrial applications.

Technical Specifications

Blade Construction	Drop forged steel
Compatible Materials	Stainless steel sleeves, Cables, Wires, Ropes
Customization Options	Yes

Features

Key Features

- Hardened steel jaws for durability
- Ergonomic handles for leverage
- Adjustable crimping mechanism
- Compact and portable design

Primary Applications

Construction • Marine • Industrial
