

# CAC Intercooler Turbocharger Hose for Mercedes-Benz

This CAC intercooler turbocharger hose is designed for Mercedes-Benz vehicles. It ensures optimal airflow and performance within the engine's forced induction system.

## ADDITIONAL IMAGES

## Product Overview

### High-Performance Turbocharger Hose

This CAC (Charge Air Cooler) hose is engineered for optimal airflow and performance within forced induction systems. Constructed from durable, multi-layered silicone with reinforcing plies, it is designed to withstand high temperatures and pressures while resisting oil and coolant degradation. It serves as a reliable replacement for worn or damaged hoses, ensuring efficient engine operation and longevity.

## Technical Specifications

### Applications

- Charge Air Cooler (CAC) System
- Intercooler System
- Turbocharger System

Part Number	3845011482
Construction	Multi-layered silicone with reinforcing plies
Key Features	High Temperature Resistant, High Pressure Resistant, Oil Resistant, Coolant Resistant, Smooth Inner Walls

## Quality & Compliance

### Certifications

TS 16949 • NQA • CNAS • IAF • TSE
