

Caged Ceiling Fan

This ceiling fan features a three-blade design. A protective metal cage surrounds the blades for enhanced safety.

Product Overview

Safety-Focused Design

This caged ceiling fan combines functional air circulation with a protective metal wire enclosure, making it an ideal choice for spaces requiring added safety. The sleek white finish and three-blade configuration provide a modern aesthetic while ensuring efficient operation. Designed for secure ceiling mounting, the unit includes a matching canopy to conceal hardware for a clean, professional installation.
