

Canister Vacuum Cleaner

This compact canister vacuum cleaner is designed for efficient cleaning. It features user-friendly controls and a lightweight design for easy maneuverability.

Product Overview

Efficient Cleaning Performance

This compact canister vacuum cleaner is engineered for effective cleaning across various environments. It features a powerful 1000-1400W motor combined with user-friendly design elements like a 360-degree rotating soft tube and a stepless speed control. Its lightweight build and integrated features, such as the full dust indicator and blowing function, make it a versatile tool for professional maintenance tasks.

Technical Specifications

Rated Voltage	230 V
Rated Power	1400 W
Dust Capacity	1.2 L
Power Cord Length	5 m
Frequency	50 Hz

Physical Dimensions

Net Weight	4.4 Kg
Packing Dimensions	375 x 275 x 310 mm

Features

Key Functionality

- Stepless speed regulating button
- 360-degree rotating soft tube
- Pedal switch
- Full dust indicator
- Dust blowing function

Compatible Bags	Cloth bag, Paper bag
