

Canister Vacuum Cleaner with HEPA Filter

This canister vacuum cleaner is equipped with a HEPA filter and cyclonic action. It features a transparent dustbin, a carrying handle, and large wheels for easy use.

Overview

Professional Performance Canister Vacuum

This high-efficiency canister vacuum cleaner is designed for effective cleaning across various floor surfaces. Featuring powerful cyclonic suction and advanced HEPA filtration, it ensures both debris removal and improved air quality. With user-friendly features like automatic cord rewinding, one-touch bin emptying, and portable 3-point steering, this unit balances industrial cleaning power with operational comfort.

Technical Specifications

Power Consumption

1400 W
Max Power

700 W
Min Power
