

Canister Vacuum Cleaner with HEPA Filter

This vacuum cleaner features a full bag indicator, HEPA filter, pedal on/off switch, and automatic cord rewriter. The vacuum also offers speed control and a stainless steel cover.

Product Overview

Professional Grade Canister Vacuum

The BST-815 canister vacuum cleaner is a high-performance cleaning solution designed for efficiency and durability. Featuring a robust stainless steel cover and an advanced cyclone suction system, it provides powerful cleaning capabilities. The integrated HEPA filter ensures superior air quality, making it an ideal choice for environments requiring strict sanitation standards.
