

Cantilever Patio Umbrella

This cantilever patio umbrella provides ample shade for outdoor relaxation. Featuring a sturdy metal frame with a cross base for stability and a weather-resistant canopy, it's easy to open and close with a crank lift mechanism.

Product Overview

Premium Cantilever Patio Umbrella

This cantilever patio umbrella provides ample shade for outdoor relaxation, making it an ideal addition to patios, decks, and poolside areas. Featuring a sturdy metal frame with a cross base for stability, the umbrella utilizes a curved arm design that allows for flexible positioning. The canopy is crafted from weather-resistant fabric, ensuring protection from the sun and light rain. It is designed for convenience, featuring an easy-to-use crank lift mechanism for smooth operation.
