

Car and Home Massage Pillow with Heat

This massage pillow is suitable for use in cars or at home. It features rotating massage heads that provide a deep kneading massage and relieve muscle tension, with a heating function to enhance the massage experience.

Product Overview

Versatile Relief Anywhere

This portable massage pillow features four deep-kneading heads designed to alleviate muscle tension across your neck, back, and waist. Crafted with soft, high-quality materials, it provides a comfortable and ergonomic experience tailored to your body's contours. Designed for maximum convenience, it includes a soothing heat function and an integrated safety system that automatically shuts off after 15 minutes of continuous use.
