

Car Audio Speaker

High-performance speaker designed for car audio systems. It features robust construction for durability and enhanced sound clarity.

Overview

High-Performance Audio Upgrade

This high-performance car audio speaker is engineered to deliver superior sound quality and enhanced clarity. Designed for durability with robust construction, it provides a reliable upgrade for your vehicle's audio system, specifically optimized for mid-low frequency performance. Its versatile engineering ensures compatibility with a wide range of car models for an easy integration experience.

Technical Specifications

Model Number	BRD-65
Frequency Range	Mid-Low Frequency
Series	Car Audio Series

Features

Key Benefits

- Superior sound quality
- Robust construction for durability
- Enhanced bass response
- Broad vehicle compatibility

Application	Car Audio, Audio System Upgrade
