Overview

Universal Car Suction Mount

This versatile mobile phone holder is designed for secure mounting on car windshields and smooth surfaces using a high-strength vacuum suction cup. It features a 360-degree rotating ball joint that allows for effortless switching between horizontal, upright, and diagonal viewing angles. Built with durable ABS and PC plastic, the holder includes non-slip silicone padding to protect your device from scratches while ensuring stability during transit.

Technical Specifications

The 360-degree rotating ball joint allows for horizontal, vertical, and diagonal adjustments.

Adjustability

360° Rotation • Multi-angle Ball Joint

Model Number

J0139

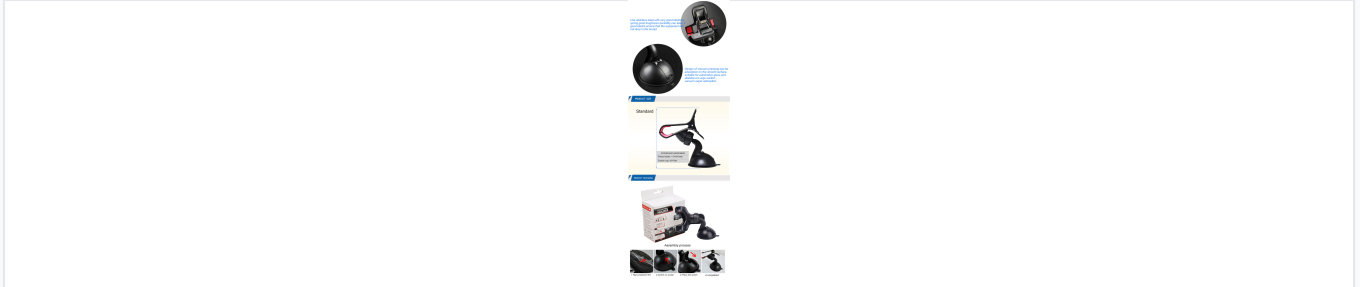

Materials

ABS, PC Plastic, Stainless Steel Spring, Silicone Padding

Dimensions & Weight
