Product Overview

High-Performance Masonry Drilling

This carbide-tipped masonry drill bit is engineered for efficient drilling into concrete, brick, and stone. Featuring a durable tip for extended tool life and a spiral flute design for rapid debris evacuation, it ensures clean, precise holes while reducing heat buildup. It is compatible with both rotary and percussion drills, making it a versatile choice for professional masonry applications.

Technical Specifications

Standard	DIN 8037
Available Dimensions	3mm - 13mm
Finish Options	Bright, Black

Supply Chain

Minimum Order Quantity	2000 pcs
Monthly Supply Capacity	300000 pcs
Lead Time	30 days after deposit
Payment Terms	30% deposit, balance before delivery

Packaging & Logistics

Packaging Types

- Plastic tube
- Blister card
- Hanger
