

# Cargo Securing Bungee Cord for Trailers

This bungee cord is designed for securing cargo on trailers. It features a durable elastic core encased in a woven sheath and equipped with sturdy metal hooks.

## Product Overview

### Professional Cargo Securing Solution

This heavy-duty bungee cord is engineered for reliable cargo securing on trailers and heavy-load applications. Featuring a resilient elastic core protected by a high-strength woven sheath, it offers superior durability and weather resistance in outdoor conditions. The assembly is completed with industrial-grade metal hooks, ensuring a secure and stable attachment for various logistics needs.

## Technical Specifications

Construction	Elastic Core, Woven Sheath, Metal Hooks
Color Profile	Red and White
Item Reference	901

## Applications

### Primary Applications

- Trailer cargo securing
- Load stabilization
- Outdoor equipment transport
