

Cargo Tie-Down Strap with Ratchet

Heavy-duty ratchet tie-down strap designed for securing cargo during transportation. It features a durable polyester webbing with a high tensile strength, a robust ratchet mechanism for tensioning, and steel hooks for secure attachment points.

Product Overview

Heavy-Duty Cargo Security

This professional-grade ratchet tie-down strap is engineered for reliable cargo securement during transportation. Featuring high-tensile polyester webbing and a robust tensioning mechanism, it provides the strength and durability required for demanding logistics applications. It is an essential tool for securing loads effectively on trucks, trailers, and various transport vehicles.

Technical Specifications

Webbing Width	47 mm
Material	Polyester
Attachment Hardware	Steel Hooks

Key Features

Ideal For

Trucks • Trailers • General Transportation

Features	High Tensile Strength, Heavy-Duty Ratchet, Weather Resistant Webbing
