

Cargo Transport Tricycle with Weather-Resistant Cargo Box

This tricycle is designed for cargo transport or specialized use. It features a robust frame, a large rear cargo box with a yellow weather-resistant cover, and standard bicycle components for propulsion and control.

Product Overview

Versatile Cargo Solution

This cargo transport tricycle is engineered for reliable goods delivery and specialized transport tasks. Featuring a robust metal frame and a spacious, weather-resistant rear cargo box, it offers a stable and maneuverable platform for urban or industrial logistics. The design prioritizes durability and cargo protection, making it an ideal choice for businesses requiring a dependable, human-powered transport vehicle.

Technical Specifications
