Product Overview

Premium Carnauba Paint Protection

This advanced automotive wax utilizes #1 grade Brazilian carnauba, recognized as the world's hardest natural wax, to deliver a durable, high-gloss finish. Designed for comprehensive surface care, it effectively decontaminates, polishes, and forms a high-tensile protective film against environmental hazards like acid rain, UV rays, and road grime. The formula includes specialized micro-polishing agents to remove light scratches and haze, restoring paintwork to a showroom-quality condition.

Technical Specifications

Net Weight	230 g
Shelf Life	3 years
Protection Duration	12 months
Standard	Q/HLSS 13

Usage & Compatibility

Not Recommended For

- Vinyl tops
