

Category 6 UTP Ethernet Cable - 4 Pair 23 AWG

This UTP Category 6 cable contains 4 pairs of 23 AWG conductors. It is designed for high-speed data transmission, supporting performance up to 250 MHz.

Product Overview

High-Performance Category 6 Connectivity

This Category 6 UTP Ethernet cable is engineered for reliable, high-speed data transmission in professional networking environments. Featuring a 4-pair 23 AWG construction, it supports performance frequencies up to 250 MHz, making it an ideal choice for Ethernet, Fast Ethernet, and Gigabit Ethernet applications. Its high-quality design ensures stable signal integrity and long-term durability for demanding network infrastructure.

Technical Specifications

Cable Category	Category 6 (Cat 6)
Conductor Gauge	23 AWG
Pair Count	4
Shielding	Unshielded Twisted Pair (UTP)

Performance

Frequency Rating

250 MHz

Max Frequency

Applications

Common Use Cases

- Computer networking
- Router connectivity
- Switch infrastructure

Supported Network Types	Ethernet, Fast Ethernet, Gigabit Ethernet
